

MT Votes – Advanced Voter Management

# **VOTER MERGE**

# Click on Merge

Counties can click on the first item: Potential duplicates identified by the system will appear in screen – this may take awhile for a large county

# Two or more potentially duplicate voter records will display.

The screenshot shows a software window titled "Voter Merge Selection". It contains a table with two rows of voter data. The first row has ID 1526, County Missoula, and Effective Reg Date 09/12/1994. The second row has ID 1208088, County Mineral, and Effective Reg Date 10/10/2000. Both rows show the same Last Name (SWARTZ) and First Name (DON). The "Mergeable" column shows "Yes" for the first row and "No" for the second. The "Exclude" column has checkboxes that are both checked. Below the table is a large grey area for notes or comments. At the bottom are buttons for "Add", "Compare", "Commit", "No Match", and "Close".

You must mark one of the voters as the survivor by checking the survivor checkbox next to the chosen voter's name.

The screenshot shows a window titled "Voter Merge Selection". It contains a table with two rows of voter data. The first row is highlighted, and the "Survivor" checkbox is checked. The second row is not highlighted, and the "Survivor" checkbox is unchecked. Below the table is a large grey area, likely for a list of merged voters. At the bottom are buttons for "Add", "Compare", "Commit", "No Match", and "Close".

To make a voter record mergeable, return to the main voter merge screen, select Mergeable, and input the voter ID, then click ok.

The screenshot displays the MT VOTES web application interface. At the top, a header bar shows the user 'Zeier, Vickie', the county 'Missoula', and the date '12/24/2007'. The main content area features a background image of the Montana State Capitol building and the state seal. A 'Voter Merge' dialog box is open in the center, prompting the user to 'Choose Voter merge option'. The options are: 'Potential duplicates identified by the system', 'Query individual voters', 'Saved query' (with a dropdown menu set to 'Check Vote Eligible Date'), 'Unmerge voter', 'Mergeable' (selected with a radio button and a text input field containing '24'), and 'NonMergeable'. The dialog box has 'OK' and 'Cancel' buttons at the bottom. On the right side of the interface, there is a sidebar menu with categories like 'Administration', 'Reports', and 'Agency Interface', each containing several sub-links.

If the other county's voter is not mergeable they will be sent a request to make them mergeable when you attempt to commit the merge.

The previous steps should be repeated for all potential duplicates the system identifies.

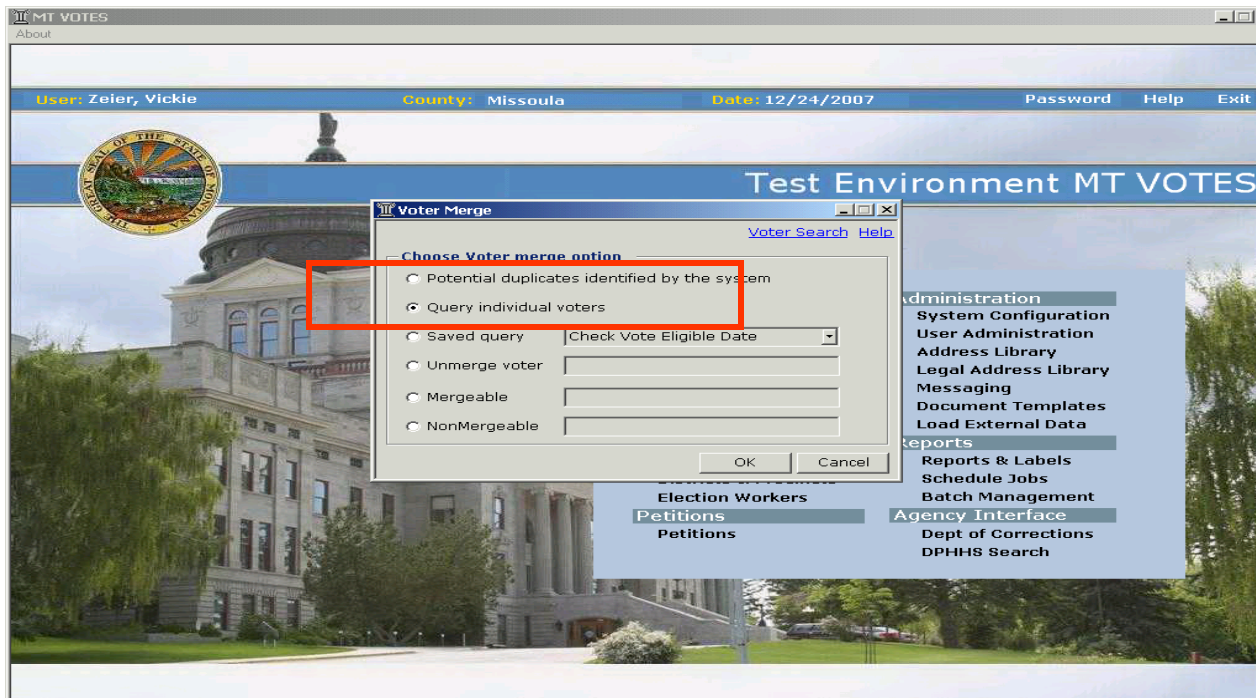

The screenshot shows a software window titled "Voter Merge Selection". It features a table with columns for Survivor, Exclude, ID, Mergeabl, Last Name, First Name, County, DOB, SSN, Effective Reg Date, and Original Re. Two rows are visible, both with the "Exclude" checkbox checked. The first row has ID 4004 and the second has ID 1357415. Both rows list "KUKA KELLY" and are associated with "Missoula" and "Lewis & Cl" counties respectively. The window also includes "Group Navigation" buttons, a "Voter Search" link, and action buttons at the bottom: "Add", "Compare", "Commit", "No Match", and "Close".

If you already know of duplicate voters  
you can manually select them to  
merge by using the query individual  
voters option.

Be sure to check your messages, as they will notify you of counties waiting for your return answer.

# By clicking on Detail you can get both voter ID's to enter

When searching for and selecting the voters you must either have their Voter ID or at the very least their names.

The screenshot displays the 'MT VOTES' application window. At the top, a status bar shows 'User: Zeier, Vickie', 'County: Missoula', and 'Date: 12/26/2007'. The main window is titled 'Voter Merge Search' and contains a 'Search' section with tabs for 'General', 'Residential Address', and 'Mailing Address'. The 'General' tab is active, showing fields for 'Last Name', 'First Name', 'Middle Name', 'Voter ID', 'Birth Date From', and 'Birth Date To'. A 'Soundex' checkbox is also present. Below these fields is a 'Scope' section with radio buttons for 'State' and 'County' (selected), and a dropdown menu for 'Missoula'. A red arrow points to the 'Search' button. The 'Search Results' section is empty, with columns for 'Voter ID', 'Name', 'Residential Address', 'Status', and 'Date of Birth'. At the bottom of the search window are buttons for 'View Summary', 'Select', and 'Close'. The background shows a desktop with a taskbar containing 'Start', 'Novell-delivered ...', 'Novell GroupWis...', 'Microsoft Power...', '2 Internet Exp...', 'Favorites - Micro...', and '4 Citrix ICA C...'. The system clock shows '8:41 AM'.
